We hope we can count on your vote in the Democratic state primary. This year, in the interest of keeping everyone safe, we need to do things differently. The Massachusetts legislature has approved a new law to permit **voting by mail** for the September 1st primary.

Voting by mail is a TWO-STEP process.

1. You should have received an application from the Secretary of the Commonwealth for a mail-in ballot. Complete your application, then *deliver or send* it to the Town Clerk's office by August 26th. Since there have been delays by the US Postal Service, we recommend physically dropping off your application to the Town Clerk's office.

TOWN CLERK
10 Pearl St.
Stoughton, MA 02072

2. In 1-2 weeks, you will receive your ballot. Complete and *deliver it (or mail)* to the Town Clerk to arrive by Election Day (September 1st). We again recommend physically dropping off your ballot to the Town Clerk.

**Please be sure that every registered voter in your household separately requests their own ballot.*

Alternatively, you can **“early vote” in-person** if you want to avoid the crowds on September 1st.

1. It will be held between Saturday, August 22nd and Friday, August 28th at Town Clerk, Town Hall at 10 Pearl St, Stoughton
2. Check the schedule on www.MassEarlyVote.com a week prior to early voting

Please forward this message to everyone in your networks who may be a registered voter.

Voting is a privilege. Let's not let this virus stop us!

Thank you,
